Maria - it was a good chance to have a more substantive discussion. I hope there are more of them. I believe David Kean first introduced us on your trip a couple years back, now that I have had time to think about how long we have had chances to talk.

When regulations are favorable, Russia and surrounding countries have always been a great source for firearms, ammunition and product.

We will be at shot show, IWA and NRA show in the very near future.

We will do a review of product needs for brownells and our wholesale companies, Crow Shooter a Supply and Gamaliel in preparation.

AND

As NASGW (NASGW.org) national association of sporting goods wholesaler) chairman it would be very good to connect our organizations to facilitate commercial connections where it makes sense.
